

Meet and Discuss

A Listen Discussion System immerses the meeting participants into an experience that is commanding and unforgettable. It's an affordable solution that offers complete control over meetings making everyone more productive. It gives you greater credibility, and greater presence, making communication easy.

- Participants can hear and be heard
- Flexibility to meet any set up demands
- Affordable all-in-one, quality sound system
- Portable and easy to use

"The Listen Discussion System does its job very well and reliably. Everyone can hear and be heard during our meetings. It's a simple system to set up and use and we transport it to many different meeting rooms".

- Dwight Wooten, Habitat for Humanity International

30 day no obligation demonstrations available
